What's New at the Lancaster Landfill?

How much do you weigh?

Recently, two new scales were installed at the Lancaster Landfill to facilitate a key component of the daily landfill operating system.

When a customer arrives, the vehicle drives on a scale and the computer system tracks the weight of the load to determine the rate for a customer to pay according to the fee schedule.

The need to accurately record weight ticketing and tracking is necessary to comply with government regulation and reporting requirements.

Did you Know? An empty trash truck weighs 36,000 lbs.

Free Residential Landfill Day a Success

On April 14, more than 285 residents took advantage of the annual free residential day and properly disposed of 350 tons of trash and recycling materials. We are grateful to the unincorporated area residents who take part in the free event. This exemplifies good community stewardship to not dump in our beautiful deserts.

**The next event is Saturday, October 13
8:00 am—2:00 pm**

10th Annual Lawn Mower Exchange Event

"Mow Down Air Pollution"

Antelope Valley residents can receive Special Pricing of up to 70% savings toward the cost of purchasing new, battery electric, zero emissions lawn equipment!

This is a drive-thru drop-off event by appointment only. Bring your working gasoline lawn equipment and pick up your pre-paid new battery electric, zero emissions lawn equipment. AV residents can register and set an appointment now through Friday, June 22 at 3:00 pm. Pre-payment is required during registration to receive the *Special Pricing offer. Program funds are limited to first come, first served.

Saturday, June 23 from 8:30 am—11:30 am

City of Lancaster Maintenance Yard
615 W Avenue H, Lancaster

Gasoline equipment must have all operational parts and fluids to tests operability. Staff will be on site to assist with unloading and loading of lawn equipment. For registration details, visit www.AVAQMD.ca.gov or www.facebook.com/avaqmd/ or call (661) 723-8070 ext. 8. This is not a Waste Management sponsored event and offered only through the Antelope Valley Air Quality Management District.

Special Pricing: (your choice of the following lawn equipment)

- EGO 20" Lawn Mower 56 Volt = \$150
- EGO 530cfm Leaf Blower 56 Volt = \$75
- EGO String Trimmer 56 Volt = \$75

**All pricing includes tax. Participant can exchange up to 3 units per household limited to available supplies. Payment due upon registration.*
