

## **PET STRAPPING SPECIFICATIONS**

**(for Sales to WM Recycle America, L.L.C.)**

### **Quality Guidelines**

- 1) Material Color: Translucent green polyester strapping
- 2) Material Size: Pet strapping must be chopped into pieces approximately 2" to 4" in size.
- 3) Contaminants: Chopped strapping must be free of contaminants such as metal clips, paper or plastic including polypropylene strapping.
- 4) Storage: Chopped strapping must be shipped in sturdy gaylords with lids or stretch-wrapped tops. Gaylords must be stored indoors to prevent moisture and UV damage.
- 5) Minimum Weight: Gaylords should be filled to the top to maximize weight. Minimum net weight is 30,000 lbs. per mill truckload. LTL shipments can be arranged.
