Austin Community Landfill

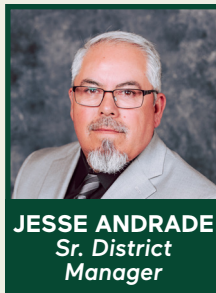

Fall 2025

Manager's Report

Hello, neighbors! It's finally time for a new season. Regardless of what the weather says, the Texas "false fall" is better than no fall at all. While things have remained relatively quiet at the landfill over the past few months, there are still plenty of things happening.

Currently, we are expanding our gas collection system by adding additional gas collectors. The project should wrap up before the end of the year. We've also been working with our partner from the Texas Master Naturalist ahead of recertifying our pollinator garden with the Wildlife Habitat Council. We will have the results of the certification early next year.

Thank you for taking the time to stay informed and for your partnership in supporting our shared goal of a cleaner, more sustainable community. We're proud to serve the greater Austin area and look forward to keeping you updated. Remember, if you have any questions, please don't hesitate to call me at 512-823-2896.

JESSE ANDRADE
Sr. District
Manager

Central Texas Flood Relief

When historic flooding devastated Central Texas on the July 4 weekend, WM's Central Texas teams responded swiftly and decisively. Employees across the area took action through corporate coordination, local outreach, hands-on volunteerism, and personal generosity.

Employees from WM CenTex in Temple gathered clothing donations for Burnet County flood survivors. The donations were delivered to the Ark of Highland Lakes, a local nonprofit organization actively involved in recovery work. In the Austin area, team members volunteered at the Marble Falls Food Bank, helping sort and coordinate incoming donations to provide flood survivors with food and necessities. Our WM corporate office collected personal and household cleaning goods, which were then delivered to the Central Texas Food Bank.

In addition to these acts of kindness and solidarity, WM donated \$50K to the Ark of Highland Lakes and \$100K to the Central Texas Food Bank to provide further assistance for those on the road to recovery.

Items collected and delivered to the Central Texas Food Bank which serves 21 counties in the central Texas area.

Clothing collected for the Ark of Highland Lakes which serves individuals and families in crisis throughout the Highland Lakes region.
