Permit No. 099-019D(MSWL)

Meriwether County

Dear Mr. Gribble:

This will serve to confirm the routine inspection conducted of the referenced facility on Tuesday, December 8, 2015. The inspection was conducted to determine compliance with the Act, Rules, and Regulations for Solid Waste Management, the above Permit and the approved D&O plan. The facility received an acceptable rating of 95 performance points, but the following operational discrepancies were documented and require immediate attention:

Flagging and windblown waste were noted on top of the MSWL.

The Division requests that the above-referenced discrepancy be corrected immediately. Should you have questions pertaining to this or any other matter, please feel free to contact Program Manager Scott Henson or me at (478) 751-6612.

Sincerely,
