Williamson Co. Landfill
Spring 2023

MANAGERS REPORT

Spring is here and we are enjoying seeing all the beautiful Hill Country wildflowers!

The beginning of this year has been steady, and we don't expect to slow down as we move into warmer temperatures.

The cell construction project that we began at the end of 2022 will be complete by the end of the first quarter of this year. Looking ahead, we are planning a gas project in the third quarter of 2023 which involves installing 10 vertical wells and two horizontal wells.

We've been active in the community since the beginning of the year. We were proud to sponsor the Hutto Chamber of Commerce Annual Gala in January. We also worked with Williamson County on bush cleanup following an ice storm. In addition, we remain active supporters of our local schools.

We'd like to remind everyone of our Spring Household Hazardous Waste event on April 15 from 8:00 am until 1:00 pm at the Williamson County Expo Center. More information is provided in this newsletter. We hope to see you out there!

FIVE SIMPLE WAYS YOU CAN LIVE MORE SUSTAINABLY THIS EARTH MONTH

Earth Month takes place each year in April, and is a time to raise environmental awareness, invest in our planet, and commit to living more sustainably. Below are five simple ways you begin to live more sustainably:

1. Use reusable bags at the store
2. Change the lights in your home to LED bulbs
3. Eat lunch using reusable cutlery
4. Use a reusable water bottle or mug for drinks
5. Wash your laundry using cold water

SPRING HOUSEHOLD HAZARDOUS WASTE EVENT: APRIL 15, 8:00 AM - 1:00 PM

WM and Williamson County will host a Household Hazardous Waste event on April 15 from 8:00 am until 1:00 pm at the Williamson County Expo Center located at 4350 Bill Pickett Trail, Taylor, TX 76574. This event is free and open to Williamson County residents only.
