

NEW COMMERCIAL REUSABLE RECYCLING BAG

from Waste Management

Use this sturdy reusable bag to collect recyclables at your workplace and eliminate plastic bags and bagged recyclables from your collection system.

Place reusable recycling bags in all shared interior recycling containers in conference rooms, the cafeteria, where copies are made, and where employees gather.

The commercial reusable bag is a polypropylene woven bag that is virtually leakproof.

- Dimensions are 5.5" W x 14.5" D x 33" H – fits most slim-jim recycling containers.
- Bags are black, laminated and easy to wipe clean and rinse.
- Bags come with 2 sets of nylon stitched webbed handles (20") – one set at the top of the bag and the second set in the middle of the bag for secure transporting.
- Plus there is one nylon handle stitched on the bottom of the bag.

To order Waste Management's Commercial Reusable Recycling Bag, visit wmgearstore.wm.com and order the bags directly.
