Illegal Dumping: Let's Keep California City Clean

- Leaving junk, garbage, or debris on public or private property—like roadsides, alleys, or open lots—without permission is considered illegal dumping.
- It not only pollutes our community but also creates safety risks, especially for children.
- By properly disposing of trash and scheduling bulky item pickups, you're helping protect our neighborhoods and preserve the beauty of California City.

Thank you for doing your part to keep our city safe and clean!
