Have a question about where you can recycle an item?
Check out www.recyclewhere.org
or call Stopwaste's Recycle Hotline at 1-877-STOPWASTE.

Avoid an Overage Charge

Materials must fit inside a container with the lid shut for regular service or you may be charged.

Eliminating excess materials in containers helps:

- Minimize Service Delays
- Reduce Equipment Failure
- Decrease Litter
- Eliminate Safety Risks
- Prevent Animal Hazards
- Reduce Truck Fires

If you regularly have excess materials, call Customer Service at (510) 613-8700 to help you right-size your service.

Hazardous Waste Disposal

There is a drop-in program for Alameda County businesses that accepts: electronics and small appliances, latex paint, aerosol cans, fluorescent lamps, and household batteries. Visit stopwaste.org/recycling/residents/household-hazardous-waste/business-drop-in
For disposing paint only, visit Paintcare.org.

State and County Mandatory Recycling

California State law, SB 1383, aims to keep food and other compostable materials ("organics") out of landfills to reduce emissions that contribute to climate change. In Alameda County, the law is implemented and enforced under the Organics Reduction and Recycling Ordinance. In addition to sorting correctly, business and multifamily properties must set up adequate collection service and place color-coded and labeled indoor compost and recycling bins next to all trash bins. For more information visit: www.StopWaste.org/Rules.
