### RATE TABLES ATTACHED

May 1, 2026

Dear Valued Customer:

Waste Management is committed to providing the highest level of service, while assisting the County and your community to reach State of California mandated recycling goals.

On April 21, 2026 the Fresno County Board of Supervisors approved an increase to Exclusive Service Area Program Maximum Cart, Bin and Special Service rates to reflect the escalation in the Consumer Price Index (CPI) and increase in the American Avenue Disposal Site (AADS) tipping fees.

Accordingly, effective July 1, 2026, CPI annual adjustments are as follows. For 2026, the total CPI (100%) for San Francisco-Oakland-Hayward was calculated at 2.178%. Pursuant to Section 7.2.C of the ESAP Agreements, an adjustment factor of 75% is applied for cart rates, and an adjustment factor of 65% is applied for bin and special service rates. The 2026 CPI rate adjustments are 1.633% for carts, and 1.416% for bins and special services. This equates to between \$0.62 and \$1.70 for carts, \$1.18 and \$23.66 for bins, and \$0.10 and \$3.59 for special services. Additionally, the 2026 AADS rate adjustment was calculated at \$0.72/ton. This equates between \$0.04 and \$0.11 for carts, and \$0.23 and \$8.42 for bins.

Please refer to the attached approved rate tables for a complete list of rates and increases.
