

**Legend:**  
wk. = week; mo. = month; gal. = gallon; CY = cubic yard;  
N/A = blacked out; min. = minimum payment;  
NS = Not submitted (Contractor may negotiate price directly with Customer)  
**Notes for Special Services:**  
1. Haulers are required to pay all fees and Surcharges. Existing fees and Surcharges include:

a. AB 939 Service Fee equal to three percent (3%) of Rate Revenues for the first and second year and an AB 939 Service Fee equal to four percent (4%) of Rate Revenues for the third and all subsequent years of the Extension Term.

b. Hauler shall pay the COUNTY Solid Waste Surcharges, for Solid Waste generated in the COUNTY, which as of the date of execution of this Agreement are currently in the the COUNTY, which as of the date of execution of this Agreement are currently in the following amounts:

- Southeast Regional (SER) Surcharge. Three Dollars and Fifty Cents (\$3.50) per-ton closure/post-closure maintenance fee for Solid Waste generated and collected within the Southeast Regional Solid Waste Commission Area as identified in Fresno County Ordinance Code Section 8.20.035; and
- Solid Waste Management Program Activities (SWMPA) Surcharge. Three Dollars and Forty-One Cents (\$3.41) per-ton surcharge for Solid Waste management program activities (NOTE: this surcharge is incorporated into American Avenue Landfill tipping fee).

As provided in Section 7.2.C, each rate will be adjusted annually by 75 percent (75%) of the CPI for Cart Rates, 65 percent (65%) of the CPI for Bin Rates and 65 percent (65%) of the CPI for all other Special Service rates.

2. "Additional Container Pickup" charge is allowed when the Customer requires the CONTRACTOR to empty containers above and beyond the number of containers that the Customer subscribes to. CONTRACTORS may not charge the same rate (as the first container) to

3. "Late Set Out Pickup" charge is allowed when the Customer requires the CONTRACTOR to return to the service location to empty a container on same day as regular service due to late set out of the container by the Customer, if hauler is still in the area.

**Notes for Special Services (Cont'd.):**  
4. Extra Day Pickup charge is allowed when the Customer requires the CONTRACTOR to empty the container on a different day other than the regular service day.  
5. The following notes apply to Mid Valley Disposal LLC Customers Only:

a. Winter surcharge for customers above 4,000 foot elevation for the winter months of November through March to be charged at an additional 20% of the monthly rate for both residential and commercial customers.  
b. Winter Surcharge for Home Owners Associations that use cart service from May through October to be charged \$2.00 per cart per month for carts not being used from November through April.  
c. 30-gal carts for the elderly will be negotiated between the hauler and the resident.  
6. The following notes apply to Western Solid Waste Customers Only:

a. Furniture & Appliances: Prices will be determined by item depending on weight and density.

7. Side yard charge is allowed when the Customer requires the driver to empty a container that is more than 10 feet from where the collection vehicle has access to the service location (such as a curb or enclosure at the home or business).

8. Service charges for key/code, enclosure access, gate service, long walk, and under 0.25 mile drive-in are noncumulative charges. Customers requiring two or more of these special services shall be billed as a maximum access rate per month, as specified in the rate schedule above.

9. "Key or code charge" is allowed when the Customer requires the driver to carry a key and unlock a lock to empty the container. Key or code charges do not apply if a Customer's lock is left in the unlocked position.

10. "Enclosure charge" is allowed when the Customer requires that the driver remove a container from an enclosure to empty it and replace it when emptied.

11. "Gate service charge" is allowed when the Customer requires the driver to open a closed or locked gate in order to empty a container.

12. "Drive-in charge" is allowed when the Customer requires the CONTRACTOR to drive up long driveways (in excess of 40 feet up to 0.25 mile) to empty a container. Over 0.25 mile negotiated between customer and hauler.

13. "Cart or bin switch" charges are allowed when a Customer requests a change in the size of a cart or bin more than once per year per container. All Customers may switch the size of any cart or bin once per year without charge.

14. "Replacement of damaged" a charge is allowed when a Customer requires the replacement of a cart that was accidentally damaged by Customer or due to Customer negligence. The replacement charge shall be at a flat rate for a cart of any size (30, 60 or 90 gallons) due to Customer negligence. CONTRACTOR shall replace any cart which is stolen or becomes unusable by reason of normal wear and tear or damage by Collection operations at no charge for the replacement during any twelve (12)-month period.

15. All Bin Customers are eligible for recycling collection services equal to the amount of solid waste collection services that they subscribe to at no extra charge. All Cart Customers are eligible for up to 90 gallons of recycling collection service at no extra charge regardless of their level of solid waste collection service (30, 60 or 90 gallons). CONTRACTOR may charge for recycling collection services in excess of the equivalent amount of solid waste collection services that a customer subscribes to (e.g., if the customer subscribes to 1 CY of solid waste collection and would like 2 CY of recycling collection, the Customer would receive 1 CY yard of recycling collection at no extra charge and the CONTRACTOR may charge for 1 CY of recycling collection).

16. Overfilled container and contamination special service rates may be imposed upon following the process indicated in Exhibit B, Section 6 of the ESAP Agreement.  
17. For contaminated recycling and organics containers serviced next day, the rate in Zones 2b and 3 are structured as a base charge for the first cubic yard, plus an additional charge per cubic yard thereafter.  
18. Elevation Surcharge for Customers above 4,000 foot elevation.  
19. Off road surcharge for Customers on roads that are not improved, roads that are not maintained (such as dirt, gravel and/or paved, non-County roads), and/or easement roads.

**Notes**

- Beginning September 1, 2023, "green waste" containers will be redesignated as "mixed organic waste" containers. Customers residing in Zones 1, 2A, and 3A will be required to separate their food waste for placement in the mixed organic waste container along with their traditional green waste for collection by their designated Exclusive Service Area Provider (ESAP) hauler. Exhibit A-2 (Organic Waste Acceptable Materials List) outlines which materials can be placed in the green container, and includes: whole fruit and fruit peelings, whole vegetables and vegetable peelings, bread and grain products, pasta and rice products, eggshells and nutshells, meat scraps, dairy products (small quantities only), plant and flower materials, grass and yard trimmings, tree and shrub prunings (excluding large stumps), Christmas trees cut into two foot sections, untreated wood materials, and other products effective September 1, 2023, and apply to customers residing in the Zone 1, 2A, and 3A service rate areas as illustrated in the modified Exhibit C-3-2023 found in Amendment No. 3 of the ESAP Agreements. Zones 1, 2A, and 3A boundaries coincide with those census tracts identified as having population densities greater than 75 persons per square mile as determined by the 2020 Census data. Organic waste generators residing in census tracts having densities greater than 75 persons per square mile must comply with SB 1383 Regulations.
- CalRecycle approved a "Low Population Waiver for Unincorporated Portions of Counties" application submitted by the County of Fresno on March 3, 2022. This waiver applies to all census tracts with a population density of 75 or less persons per square mile on March 3, 2022. Census tracts falling within the Zone 2B and Zone 3B Service Rate Areas meet this criteria, and are therefore exempted from SB 1383 organic waste collection regulations. Commercial businesses generating 2 cubic yards or more of solid waste per week are still subject to complying with AB 1826 Mandatory Organics Recycling (MOR) regulations.
- SER Rate is only applicable to Customers within the SER Territory. To Calculate the SER rate, a hauler will need to add the SER Overlay to the "new rate". SER Overlay rates are not subject to CPI Increases.

**Notes:**  
1. Bin service is primarily offered for commercial business customers. Accordingly, any bin service provided to residential customers (including 1, 2, and 3 cu yd bins) will be reported as commercial service for reporting purposes only.  
2. Beginning September 1, 2023, "green waste" containers will be redesignated as "mixed organic waste" containers. Customers residing in Zones 1, 2A, and 3A will be required to separate their food waste for placement in the mixed organic waste container, along with their traditional green waste, for collection by their designated Exclusive Service Area Provider (ESAP) hauler. Exhibit 4-2 (Organic Waste Acceptable Materials List) outlines which materials can be placed in the green container, and includes: whole fruit and fruit peels, whole vegetables and vegetable peels, bread and grain products, pasta and rice products, eggshells and nutshells, meat scraps, dairy products (small quantities only), plant and flower materials, grass and yard trimmings, tree and shrub prunings (excluding large stumps), Christmas trees cut into two foot sections, untreated wood materials, and other miscellaneous green waste materials.  
3. Customers in Zones 1, 2A, and 3A are required to separate their food waste for placement in the mixed organic waste container, along with their traditional green waste, for collection by their designated Exclusive Service Area Provider (ESAP) hauler. Exhibit 4-2 (Organic Waste Acceptable Materials List) outlines which materials can be placed in the green container, and includes: whole fruit and fruit peels, whole vegetables and vegetable peels, bread and grain products, pasta and rice products, eggshells and nutshells, meat scraps, dairy products (small quantities only), plant and flower materials, grass and yard trimmings, tree and shrub prunings (excluding large stumps), Christmas trees cut into two foot sections, untreated wood materials, and other miscellaneous green waste materials.  
4. CalRecycle approved a "Low Population Waiver for Unincorporated Portions of Counties" application submitted by the County of Fresno on March 3, 2022. This waiver applies to all census tracts with a population density of 75 or less persons per square mile on March 3, 2022. Census tracts falling within the Zone 2B and Zone 3B Service Rate Areas meet this criteria, and are therefore exempted from SB 1383 organic waste collection regulations. Commercial businesses generating 2 cubic yards or more of solid waste per week are still subject to complying with AB 1826 Mandatory Organic Recycling (MOR) regulations.  
5. Commercial customers who have a need for lower volume organic waste collection service may opt for 60 or 90 gallon organics cart service in combination with the base solid waste and recycling service.  
6. SER rates are only applicable to Customers within the SER Territory. To calculate the SER rate, a hauler will need to visit the SER Overlay to the "new rates" SER Overlay rates are not subject to CPI increases.  
7. 1.5 and 5 cubic yard bins are provided at the discretion of the hauler. None of the Zone 3 service rate area haulers have proposed to provide these odd-sized containers, therefore, no rate is proposed in the Zone 3 service rate area.

Service Description	ZONE 1			ZONE 2A EXISTING / ZONE 2A NEW		
	Current Rate 7/1/2025	CPI Rate Adjustment 1.416%	New Rate 7/1/2026	Current Rate 7/1/2025	CPI Rate Adjustment 1.416%	New Rate 7/1/2026
