HOUSEHOLD HAZARDOUS WASTE

Take hazardous items to the Household Hazardous Waste Facility at **2091 West Winton Avenue, Hayward.**

Acceptable Items: Fluorescent bulbs, paints, stains, solvents, adhesives, garden and auto chemicals, batteries, electronic waste.

Available to all Alameda County residents who bring their own household hazardous waste. Visit **stopwaste.org/hhw** or call 800-606-6606 for more details.

USED HOUSEHOLD BATTERIES COLLECTION

Ask your property manager if there is a battery disposal bucket available. Visit Hayward.wm.com for other battery drop off locations.

AVOID CONTAMINATING AND OVERFILLING THE CONTAINERS

WM uses WM Smart Truck® Technology to photograph overfilled containers and contaminants in the curbside containers and will send a notification to the account holder. See included sorting guide to ensure you are recycling right.

Surcharges are implemented when contamination and overfilled carts are found (after two warnings). These surcharges help offset costs associated with processing and disposing contaminated materials.

Tips to avoid contamination and overages:

- Do not bag recyclables, keep them loose.
- No loose plastic bags or film in recycling or organics.
- No polystyrene containers in recycling or organics.
- Empty recyclables of all food or liquid.
- Breakdown boxes before placing in recycling.
- Sort organics and recycling properly to avoid overfilling trash.

DO NOT POUR FATS, OILS, & GREASE DOWN THE DRAIN

FOG includes: cooking oils, shortening, dairy products, sauces and salad dressings. FOG does not belong down your drain because it can block sewer lines and cause overflows.

1. Pour cooled FOG into a sturdy paper container like a box or egg carton.
2. Remove remaining FOG by scraping greasy pans and absorbing oil with a paper towel.
3. Dispose of these items in your organics cart.
