

Food Rescue Program

Waste Management is proud to serve the San Fernando Valley by building partnerships with local non-profit organizations that do so much for our community.

We understand the importance of diversion in Los Angeles and are actively identifying new potential food donors and non-profit organizations to help divert edible food from the landfill and donate it to those in need.

To encourage companies and organizations to donate food that would otherwise go to waste, they are protected from criminal and civil liability under the Good Samaritan Food Donation Act (AB 1219 and PLAW 104-210).

To learn how your business or non-profit could benefit from the Food Rescue Program, email CityofLosAngeles@WM.com.
