

Why SB 1383?

SB 1383 aims to slow climate change by diverting organic materials from landfills. It also aims to recover edible food, and redirect it to food-insecure Californians. Learn more about California’s Short-Lived Climate Pollutant Reduction Strategy at <https://calrecycle.ca.gov/organics/slcp>.

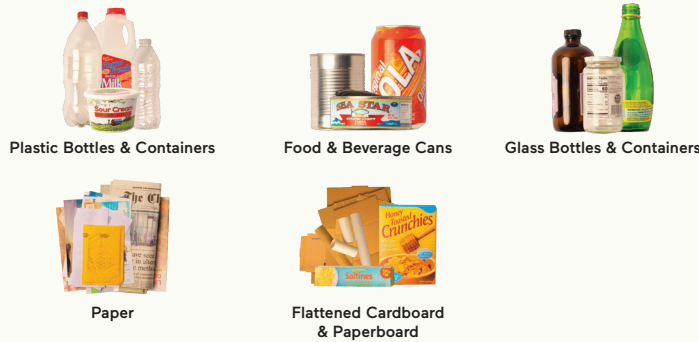

What Goes in the Organics Container:

**Do Not Include:**  
Plastic Bags or Film  
Serveware/Utensils  
Plastic Containers  
Foam Containers  
Hazardous Waste  
Fats, Oils, or Greases

Place organics materials directly into your organics cart -  
To reduce odor, put food waste in a paper bag.

What Goes in the Recycling Container:

**Do Not Include:**  
Food or Liquids  
Plastic Bags or Film  
Foam Containers  
Clothing, Furniture or Carpet  
Batteries  
Electronics  
Hazardous Waste  
Yard Waste

Place recyclables directly into your recycling cart -  
Don't bag your recycling materials.

What Goes in the Trash Container:

**Do Not Include:**  
Food Waste  
Recyclables  
Hazardous Waste  
Electronics  
Batteries, Tires or Paint  
Flammable Material

City of McFarland  
2025 Residential Service Guide

Proud to Serve City of McFarland

WM and the City of McFarland are pleased to present this updated service guide for your recycling, organic waste, and trash collection services. These services comply with California State Senate Bill (SB) 1383.

General Service Information

WM’s trash, recycling and organics service collection consists of bins and carts for multi-family properties. Commercial services are available using bins that range in size.

Collection Times

Collection times are 7 a.m. to 6 p.m., Monday – Friday for all services in the City. There is no commercial collection on Saturday and Sundays.

Holidays

WM observes the following holidays:

New Year’s Day, Memorial Day, Independence Day, Labor Day, Thanksgiving Day, Christmas Day

When your collection day falls on/or after one of these holidays, your collection will be delayed by one day that week only.

Container Accessibility

Please ensure that containers are accessible on your regularly scheduled collection day, that the gates are open or that our driver has a key or gate code. Please ensure that cars, delivery trucks, excessive trash or other obstructions do not prevent access to your container.

Weight and Volume Limits

All waste must be inside containers with closed lids; items placed alongside or over the sides won’t be collected. Do not overfill; containers should allow contents to fall out when emptied. Dirt, rock, concrete, and construction debris are not allowed. Break down cardboard boxes to maximize space. Request extra collection services if needed.

Services

Construction and Demolition

WM can tailor recycling and trash programs to meet the needs of local developers and do-it-yourselfers with roll-off bins and dumpsters for construction and demolition projects. For service options and pricing, please contact WM.

Permanent Roll-Offs

WM has roll-offs in various sizes for trash or recycling services as well as compactor services for commercial and industrial customers who need to handle large volumes of material.

Recycle and Organics

WM offers weekly bin and cart recycling collections and has the perfect container solution if you have space constraints or are low-material generators. WM provides 64-gallon carts for residential customers and 48-gallon carts (organics only) for commercial customers.

Temporary Bins

No matter your project’s size, WM has various service options for you - from three (3) cubic yard bins for smaller jobs to temporary roll-offs for larger jobs.

Special Services

Locking Bins

WM offers locking bin service and provides the hasp, lock and servicing of the lock to customers at an additional charge.

Community Drop Off Bulky Item Event

WM will provide two Community Drop off Events per year in the April and October for residential customers. Bulky items include couches, washers, dryers, refrigerators, and electronic waste. For a complete list of acceptable bulky items, please visit [home.wm.com/McFarland](http://home.wm.com/McFarland).

The following items will not be accepted as bulky items: car bodies, construction and demolition waste, tires, hazardous waste, or any other oversized items that two persons cannot handle.

Holiday Tree Collection Program

WM will collect holiday trees curbside from residential customers on the two scheduled days after December 25. Additionally, for two weeks post-December 25, WM will provide two 40-yard roll-off boxes at locations determined by the city.

State of California’s Mandatory Commercial Recycling Laws

AB 341

California's Mandatory Commercial Recycling Law (AB 341) mandates that businesses generating four or more cubic yards of solid waste weekly and multi-family properties with five or more units implement a recycling program.

AB 1826

California’s AB 1826 mandates that businesses and multi-family housing with five or more units generating two cubic yards of solid waste weekly must implement an organic waste recycling program.

SB 1383

California businesses, multi-family complexes, and residences must separate organic waste from trash and join an organics collection program due to State law SB 1383. Organics include food scraps, compostable paper, and yard waste. For details, visit CalRecycle at [www.calrecycle.ca.gov/organics/slcp/](http://www.calrecycle.ca.gov/organics/slcp/). The law also mandates contamination monitoring and an education and enforcement program to ensure proper recycling.
