

CONTAINER MONITORING PROGRAM

In 2022, Senate Bill 1383 (SB 1383) went into effect, requiring everyone in the State of California to have organics and recycling collection services and to sort their waste properly. Jurisdictions like Oro Loma Sanitary District are also required to monitor and enforce these requirements. The goal of the mandate is to reduce greenhouse gas emissions by keeping organics and recyclables out of the landfill, which helps create a sustainable future for the next generation.

How Does it Work?

- 1. WM uses WM Smart Truck<sup>SM</sup> technology to photograph overfilled containers and/or contaminants in your collection containers. Customers will receive a notification with a photograph explaining what was found.
- 2. Additional charges are added to your invoice after two warnings when contamination and/or overfilled containers are found.
- 3. Four chargeable incidents may result in your trash cart being upsized to the next size to manage your trash volume.

To learn more about the container monitoring program and/or view the charges for overages and contamination, visit: [OroLoma.WM.com](http://OroLoma.WM.com)

Refer to sorting guide on reverse-side or use the Recycle Coach app to help avoid contaminating your recycling and organics containers.

NEED HELP SORTING YOUR WASTE OR SERVICE DAY REMINDERS?  
- DOWNLOAD THE RECYCLE COACH APP TODAY

Oro Loma Sanitary District has partnered with Recycle Coach to offer residents a mobile recycling resource tool. Recycle Coach takes the guesswork out of sorting, and it enables residents to play an active role in helping to reduce greenhouse gas emissions by keeping recyclables and organics out of the landfill.

With Recycle Coach, You Can:

- Become better recyclers with the “What goes where?” search tool, which contains local recycling and disposal info, as well as collection requirements for common and unique household items
- Stay organized with a customized curbside collection and events calendar
- Receive collection reminders and real-time updates

Become a better recycler today by downloading Recycle Coach to your desktop or mobile phone for free in the Apple App Store or Google Play Store.
