Recycling and Organics Regulations for Businesses and Multifamily Properties

Recycling Law	Requirements for Businesses and Multifamily Properties
AB 341 – Mandatory Commercial Recycling (MCR)	Requires businesses that generate four cubic yards or more of solid waste per week, or a multifamily residential dwelling of five units or more, to recycle bottles, cans, paper, glass, and cardboard.
AB 1826 – Mandatory Commercial Organics Recycling (MORe)	Requires businesses that generate more than two cubic yards of solid waste (trash and recycling) per week, must have an organic waste diversion program in place. Multifamily properties of five units or more must recycle yard waste but are not required to recycle food waste.
SB 1383 – Short-Lived Climate Pollutants Reduction (SLCP)	Requires all businesses and multifamily properties that generate solid waste to subscribe and participate in the City of Ridgecrest's three container waste collection system for organic waste, recyclables, and trash.

How to Establish a Successful Recycling and Organics Program

- 1. Confirm you have service.** WM offers free onsite or virtual visits, assessments, and technical assistance. Let our trained staff help you set up your programs and determine the correct container sizes and service levels to maximize diversion, ensure compliance and be cost-effective.
- 2. Train and educate employees, tenants, residents, and customers to properly sort all waste.** WM can provide education and resources like proper container setup and signage to ensure materials are disposed of properly.
- 3. Sort waste into proper containers.** AB 827 regulations require businesses to provide “front of the house” recycling and/or organics containers and informational signage for customers, visitors, and employees to collect recyclables and organic waste from products purchased on the premises. Materials should go into the correct containers to avoid contamination.

Holiday Schedule

Collection does not occur on the following holidays:

New Year's Day
Labor Day

Memorial Day
Thanksgiving Day

Independence Day
Christmas Day

City of Ridgecrest – Commercial Generator Waiver Program

The City of Ridgecrest is offering three types of waivers for qualifying businesses and multifamily properties for alternative service, lack of generation or physical space constraints. Your business or multifamily complex may qualify for a waiver from the mandatory programs. For more information, or to apply, contact Ashley Sparks at 661-749-3762 or acrowsp@wm.com. Please visit the City of Ridgecrest's website at www.ridgecrest-ca.gov/waste for more information.
