[1] When disposal site gate fees are adjusted by COUNTY, residential refuse collection rates shall be adjusted by multiplying the amount of the annual per ton gate fee increase by 0.12 and rounded to the nearest one cent, to arrive at the amount of the residential rate increase allowed per month per equivalent 35-gallon basic service, and proportionately for larger size containers.	
[2] A senior discount of 20% may be applied to the first service level.	
[3] Low volume discounts are discontinued. All refuse containers must meet SB 1383 standards.	
[4] A low income discount of 30% may be applied to the first service level.	
Contamination Fees	
Repeated instances of prohibited materials placed in incorrect containers (as listed above) incur a contamination fee of 25% of the service rate.	
Contamination Fee (35 Gallon Service)	\$10.32
Contamination Fee (64 Gallon Service)	\$14.40
Contamination Fee (96 Gallon Service)	\$15.99
Additional Services for Mandatory Residential Customers	
One (1) no-charge annual curbside pick-up service per customer.	
Four (4) annual e-waste events at collector-owned transfer station.	
One (1) no-charge dump annual voucher to collector-owned transfer station.	
One (1) annual Dollar Dump Day at collector-owned transfer station.	
Seven (7) hot spot cleanups requested by the county.	
Christmas tree drop off at collector-owned transfer station.
