Trash, Recycling, Bulk, and Seasonal Yard Waste Collection Guide

Dear Huron Township Resident,

WM is proud to be your environmental solutions provider. Our curbside collection program features automated collection for trash and recycling, along with seasonal yard waste and bulk items.

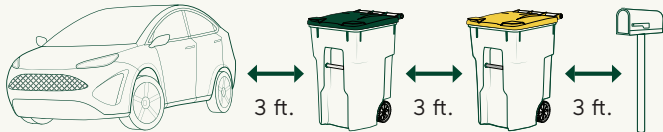

We thank you for the opportunity to serve you and help Huron Township stay clean and green.

Automated Trash and Recycling Collection

WM provides automated carts with wheels for your trash and recycling. All trash and recycling must be placed inside the carts with the lid fully closed for collection. Bags of trash or recyclables or other materials outside of your cart will not be collected.

Service Guidelines

To ensure the truck's automatic arms can lift the carts, please place your carts at least three (3) feet apart and away from other objects like parked cars, mailboxes and trees. The cart should face the street with the wheels and handle of the cart facing your house.

Recycling cart with yellow lid - Please use the green cart with yellow lid for recycling. Material outside the cart will not be collected. See page 4 for tips to **Recycle Right®**.

Trash cart with green lid - Trash must be bagged and tied before it is placed inside the trash cart. Material outside the cart will not be collected.

Place yard waste at least six (6) feet from carts or on opposite side of the driveway.

Place materials at the curb the night before your scheduled collection or by 6 a.m. the day of your pickup.
