## Carson City Neighborhood Cleanup Starts in October

From October 20 to October 24, residents of Carson City can participate in WM's complimentary Neighborhood Cleanup Program. Each household is allowed to schedule curbside collection of up to four large items at no extra cost. A fee of \$65.42 will apply for each extra item beyond this limit. To schedule service, contact WM at (775) 343-7596 at least 48 hours in advance during the program period.

Make sure to place the items curbside by 6 a.m. on the scheduled collection day. Acceptable items include electronic waste, furniture, tires, and appliances (with doors removed for safety). Please note that construction debris, medical waste, and household hazardous waste (HHW) are not permitted in this program. When making your appointment, please specify the items you would like to have collected.

## Stay in the Know: Get Ready For Unexpected Events

Extreme weather, road maintenance, and other unforeseen events can sometimes delay your service or affect curbside collection. When it happens, WM will provide same-day updates via phone, text, or email.

Many customers in the Nevada region have outdated contact information, which hinders our ability to deliver timely service alerts. Stay informed and update your contact information and communication preferences through the My WM app or at [wm.com/account](https://wm.com/account). Your information will not be used for unsolicited services, autopay programs, or sold to third parties.
