### Lyon County Neighborhood Cleanup: A Chance to Get Rid of Unwanted Items

Thinking about decluttering the garage or getting rid of that no-longer-wanted piece of furniture? Think no more. Through WM's Neighborhood Cleanup Program, Lyon County residents can dispose of bulky items that can't or shouldn't go into your curbside cart. Residents can use the service at no additional cost twice a year.

To schedule a bulky item collection, please contact WM before your regular service day. Ensure that only accepted items are placed curbside for collection. For the safety of our drivers and to maintain efficient operations, items that are too large or too heavy will not be collected. To guarantee your pickup, please inform our customer representative about the specific items you wish to dispose of. Acceptable items include a single chair, couch, washer, dryer, water heater, box spring, mattress, or up to four passenger car and light truck tires. WM will not collect car parts, hot tubs, electronics, hazardous waste or construction debris. A charge will apply to handle refrigerators.

### Cleanup Program Checklist

Prior to your regular collection day, call WM to schedule free curbside pickup. Service is available at no additional cost.

Review the list of acceptable items. Items that are too large or too heavy will not be collected. Fees may apply for disposal of refrigerators.

For assistance in Stagecoach, Dayton, and Mound House, call (775) 326-2495. For Silver Springs, call (775) 326-2496 or email [lyoncounty@wm.com](mailto:lyoncounty@wm.com).

*North Lyon County will have year-round service. South Lyon County will observe Thanksgiving, Christmas, and New Year's Day. If a holiday falls on a weekday, collection will be delayed by one day for the rest of the week.*

## Stay in the Know: Get Ready For Unexpected Events

Extreme weather, road maintenance, and other unforeseen events can sometimes delay your service or affect curbside collection. When it happens, WM will provide same-day updates via phone, text, or email.

Many customers in the Nevada region have outdated contact information, which hinders our ability to deliver timely service alerts. Stay informed and update your contact information and communication preferences through the My WM app or at [wm.com/account](https://wm.com/account). Your information will not be used for unsolicited services, autopay programs, or sold to third parties.
