Summer Cleanup Awaits

Whether it's mowing the lawn, preparing the grill for the next cookout, or clearing out items that are taking up too much space in the garage, summer often brings a spike in household waste. Below are three alternatives to manage extra waste and enjoy a stress-free season.

Use the WM Voucher

Residential customers can drop off up to four cubic yards of general waste using the annual WM voucher, which is mailed to customers early in the year. This voucher allows for the disposal of waste at one of the local transfer stations (see reverse for location and hours of operation) at no additional charge.

Place Curbside

Residents may place up to one cubic yard of extra waste for curbside pickup each week on regular service day. This includes a maximum of six 32-gallon bags, small boxes, or bundles. This service is available to all customers with a standard 96-gallon service level. Please ensure that items *do not* exceed four feet in length and weigh no more than 75 pounds.

Schedule a Pickup

Lyon County residents can dispose of **two bulky items** at no additional cost, twice a year. To request curbside service, please contact WM at (775) 326-2495 for Stagecoach, Dayton, and Mound House, or (775) 326-2496 for Silver Springs. Requests must be made at least 48 hours in advance, and only the following items will be collected: chair, couch, washer, dryer, water heater, up to four tires, box spring, or a mattress.
