

MedWaste TRACKERSM

Safe Solutions for Medical Waste

AN INNOVATIVE ALTERNATIVE FOR MEDICAL WASTE DISPOSAL

The MedWaste TrackerSM is a practical way to handle regulated medical waste. With the MedWaste TrackerSM your medical waste will be properly managed and destroyed, protecting the environment, the public and your employees.

**Affordable.
Flexible.
Convenient.**

If you generate one to two pick-ups of medical waste each month or less (50 lbs./mo.), the MedWaste TrackerSM is the affordable solution for you. Pick-ups of your medical waste are at your convenience. You may have them pre-scheduled or on demand. Regardless, you will never need to pay for pick-up of less than a full container.

**Safe for all kinds
of medical waste.**

The MedWaste TrackerSM system safely stores medical waste on your premises. The U.S. Postal Service transports the waste, so you always have a driver close by to pick it up.
