ABOUT YOUR SERVICE PROVIDER

Waste Management is a local provider of waste, recycling and composting services. We are closing the loop on waste – turning food scraps and yard trimmings into compost, lumber debris into mulch, and landfilled waste into bio-fuel. This clean-burning fuel helps to power our natural gas-powered vehicles in San Ramon. Waste Management holds the franchise agreement for collection and recycling services with the City of San Ramon. Working together, we can achieve the City of San Ramon's recycling and Climate Action Plan goals.
