In observance of Labor Day

**INLAND EMPIRE, CA - August 20, 2012** - Waste Management of the Inland Empire's curbside residential trash and recycling pick-up schedule will be delayed by one day throughout the week of September 3, in observance of Labor Day. This means customers in the following cities should place their carts out for pick-up one day later than usual, beginning Tuesday, September 4 through Saturday, September 8:

- Jurupa Valley
- Eastvale
- Banning
- Beaumont
- Chino
- Corona
- Menifee
- Moreno Valley
- Murrieta
- Norco
- Wildomar
- Communities in unincorporated Riverside County and San Bernardino County

"Residential customers who usually receive service on Monday will instead receive it Tuesday, and so on throughout the week, with Friday's customers receiving service on Saturday," said Julie Reyes, Manager of Community Relations. "We appreciate our customers' cooperation with the holiday schedule so that our employees can observe Labor Day."

All Waste Management of the Inland Empire operations will be closed on Monday, September, 3 - the hauling operations, customer service center, transfer station and landfill will re-open for normal operations on Tuesday, September 4.

Customer service is available at 1-800-423-9986.

## ABOUT WASTE MANAGEMENT

As North America's largest provider of waste and environmental services, Waste Management is on a quest for environmental performance, to maximize resource value and minimize environmental impact. Waste is a valuable resource. Waste Management takes innovative steps to maximize and recover the resource that is in waste.
