Biomass consisting of all tree and plant trimmings, dead plants, weeds, leaves, branches, and similar materials that fit into a Green Waste Cart.

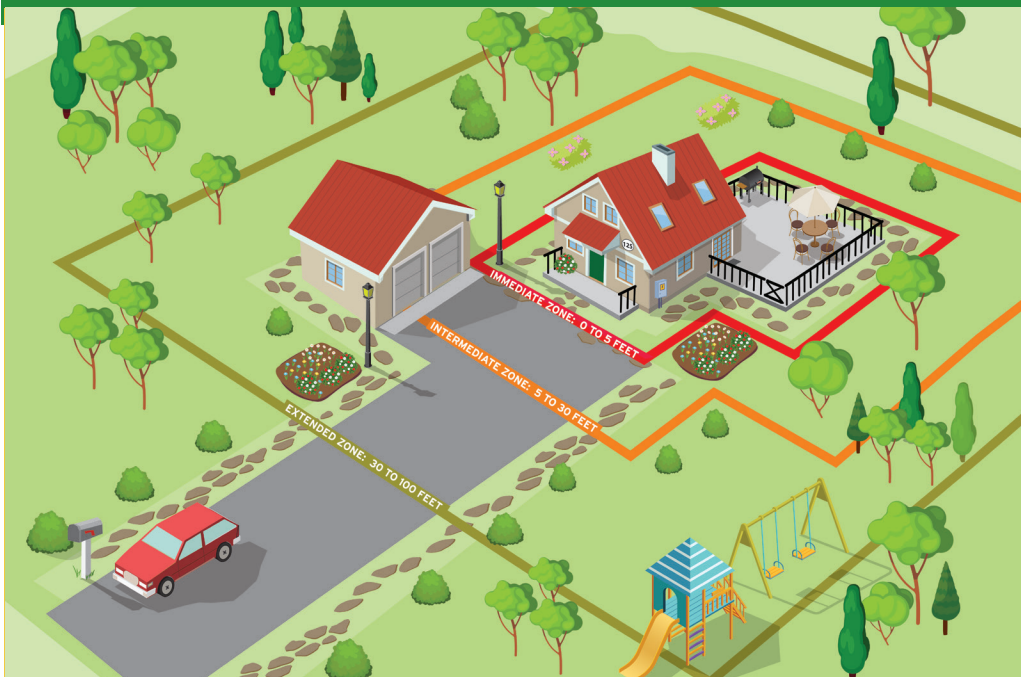

NOT ACCEPTED:

Items with a diameter greater than 6 inches, tree stumps and root balls

Residential Customers Only

Your home is likely in the Wildland-Urban Interface and High and Very High Fire Hazard Severity Zone.

TIPS TO KEEP YOUR HOME SAFE:

- Maintain 100 feet of defensible space around your home.
- Thin trees and limbs, as well as remove ladder fuels to provide firefighters the space they need to defend your home.
- Create a buffer zone by removing fuels that allow fire to climb from the landscape into the tree canopy.
- Common fuel ladders include: tall grasses, shrubs, juvenile trees, and low hanging branches.
