## Organic Material Recycling Compliance Form (AB 1826 & SB 1383)

Businesses and multi-family properties with 5 or more units, including multi-family properties, are required by CA State laws AB 1826 and SB 1383 to separate **organic material (food waste and green waste)** from trash for recycling. This compliance form must be filled out and approved to receive a waiver or an alternative recycling service verification.

Approved waivers or alternative recycling service verifications will receive an on-site inspection within five years and may be revoked at any time. If you are unclear how to fill out any portion of this form, please email <u>Linda.herman@chicoca</u>.gov to request help before submitting the form.

## **Multi-Family or Business**

Select the type of commercial property this form is being submitted for.

#### Property Type\*

- <sup>C</sup> Multi-Family Property (5 or more units on one parcel)
- © Business/Government/Non-Profit Property

## **Section 1. Business Information**

Business or Multi-Family Property Name\*

Business Type (if applicable)\*

## Site Address (Where waste collection services occur)

Site Street Address\*

No PO Box

## **Mailing Address**

C Same as Site Address

Mailing Address\*

Mailing City\*

Mailing State\*

Mailing ZIP\*

## **Current Service Provider**

#### Who is your garbage hauler?\*

- Recology Butte Colusa County
- <sup>C</sup> Waste Management, Inc.

Account # (if known)\*

### **Section 2. Waiver Request**

# Complete this Section if you are submitting a Waiver request. If submitting an Alternative Recycling Service Verification, then proceed to Section 3.

The following types of waivers can be requested:

 20-Gallon or Less (Option not available for Multi-Family properties) Business generates less than 20 gallons of organic material per week. If Landscaping Material is not included in the 20-gallons, business must also complete Section 2. The State law does not allow for Multi-Family properties to receive a 20-gallon or less waiver.

## 2. Physical Space (Rare)

Business or multi-family property does not have adequate space for the smallest organic material container.

#### Which type of waiver are you requesting?\*

- C 20-Gallon or Less
- <sup>C</sup> Physical Space (Please provide explanation or justification and pictures)

## Section 3. Alternative Recycling Service Verification

An Alternative Recycling Service Verification is required if you do not divert your organic material through services provided by Recology Butte Colusa County or Waste Management, and instead utilize one or more of the following alternative organic material recycling options:

#### Landscaper

Your business or multi-family property contracts with a landscaper, who collects and recycles your green waste/landscape trimmings off-site to a facility that recycles the green waste.

#### **Third-Party Recycler**

Your business or multi-family property contracts with a recycler, who is not Recology Butte Colusa County, or Waste Management, who collects and recycles your organic material. Please attach or include Alternative Recycling Service Supporting Documentation, such as contracts or receipts between your business/multi-family property and each alternative recycling service recycler. Retain these documents on-site for verification during inspection:

#### Self-Haul

You take your organic materials to a local organics recycling facility yourself. Attach/include Alternative Recycling Service Supporting Documentation such as recent receipts showing organic material being recycled, and retain on-site for verification during inspection:

#### Backhaul (Option not available for Multi-Family properties)

Your business hauls its organic materials back to a central or corporate location to be collected for recycling. Attach/include Alternative Recycling Service Supporting Documentation, such as contracts or other proof of evidence of backhaul services, and retain on-site for verification during inspection.

#### **Shared Container**

Your organic material is placed in another adjacent business/multi-family organic container to be recycled. Attach/include evidence that all parties agree to sharing the container and/or copy of the organics recycling collection services contract. Retain these documents on-site for verification during inspection

#### **On-Site Composting (Option not available for Multi-Family properties)**

All organic material that is generated on-site is composted on-site. Attach/include photos of the on-site composting. Verification will be obtained during inspection.

#### Which types of alternative recycling services are you verifying?\*

Landscaper

Third-Party Recycler
----------------------

- □ Self-Haul
- Backhaul
- Shared Container
- On-Site Composting

## Section 4. Certification

Is this form being submitted by the business/property owner, or by a property manager submitting on behalf of a tenant?\*

- C Business/Property Owner
- C Property Manager

Name of Person Submitting This Form\*

Title/Business Affiliation\*

Contact Phone\*

The confirmation for this submission will be sent to this email address.

 $\Box$ 

I hereby certify that all information contained within this form is true and accurate to the best of my knowledge.

I certify this property will retain all documentation supporting this request.

This includes, if applicable, all documentation supporting how the amount of organic material generated on-site was determined, for verification during inspection.

 $\Box$ 

I understand that all properties that receive a waiver will receive an on-site inspection within five years.

This inspection is required by state law SB 1383. The inspection will verify the statements attested to in this form and review any required supporting documentation.
