ADDITIONAL INFORMATION

Choose to Recycle Right

Every time you choose to recycle, you are giving that item a second life to serve a new purpose and save natural resources. Now more than ever it's important that only the right items, free from contamination, make their way into your recycling and yard waste carts to help keep recycling, and our shared planet, sustainable. Please follow the guidelines to the left for what goes into a cart, and what does not belong.

Avoid Overages

By making sure all the materials fit inside your cart with the lid closed, you help keep or community clean. If you regularly have excess materials, we are here to help you put a lid on overages. Call Customer Service at 209-369-8274 to help you right-size your service.
