

SIMI VALLEY LANDFILL AND RECYCLING CENTER

Educational Landfill Tours

Environmental education is important to the communities we serve. The Simi Valley Landfill and Recycling Center has been operating for more than 40 years and promotes sustainable programs that encourage you to become better stewards of the environment.

What am I going to see?

- Get an up close look at the Organics and Construction and Demolition Recycling Facility
- Visit the disposal operations and understand why we need to think twice before we throw things away.
- Visit our certified Wildlife Habitat Conservation Program that showcases a Pollinator Garden and Barn Owl boxes.
- Get a behind the scenes look at our recycling programs and test your knowledge of what can go in a recycling container.
- Learn about the many ways we are closing the loop and the need to reduce, reuse, and recycle.
- Explore how we are protecting the environment and why it's important that you do too!
