

WM FAN WORKBOOK

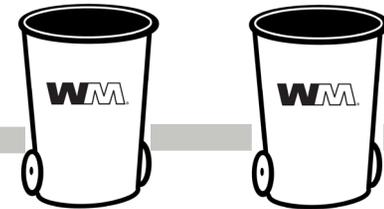

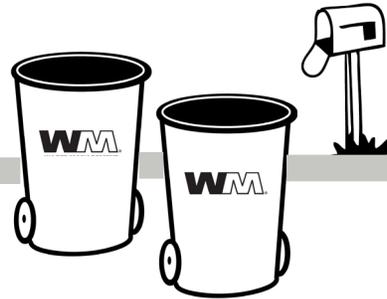

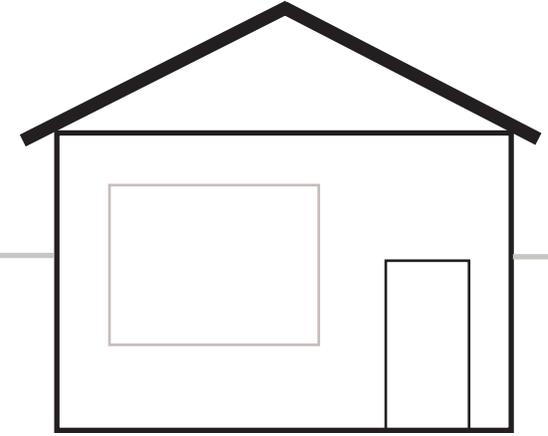

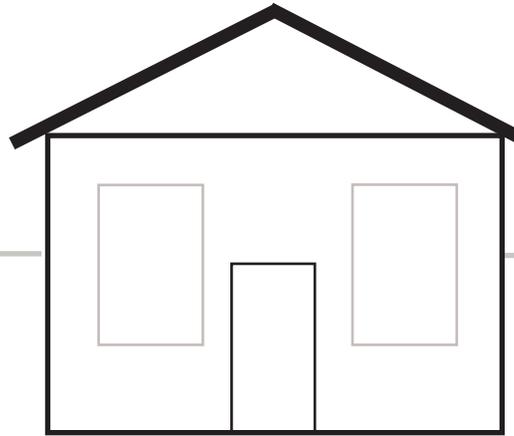

Monthly coloring pages and fun exercises for kids of all ages to learn how to Recycle Right and be a Wise Waste ambassador.

This book contains a full year of monthly coloring pages and exercises to help you learn more about recycling and safety around collection trucks.

- Color the pages.
- Do the monthly exercises.
- Put what you learn into practice.
- Leave your creations out for your WM driver to see or share them via social media with **#WMFan**.

Which set of carts has been placed properly at the curb?

1 Properly placed carts help WM drivers to safely and effectively service carts.

2 Place trash and recycling carts with wheels touching the curb and separated by at least 4 feet.

3 Carts should also be at least 4 feet away from other objects (i.e., mailboxes, cars, trees).

HAPPY VALENTINE'S DAY!

THINK
GREEN

WORKING FOR A SUSTAINABLE TOMORROW

EARTH DAY: April 22

PLANT A SEED

WATCH IT GROW

Green plants remove carbon dioxide from the atmosphere and generate the oxygen we breathe.

SAFETY ZONE

Where do you safely stand to wave at your WM driver?

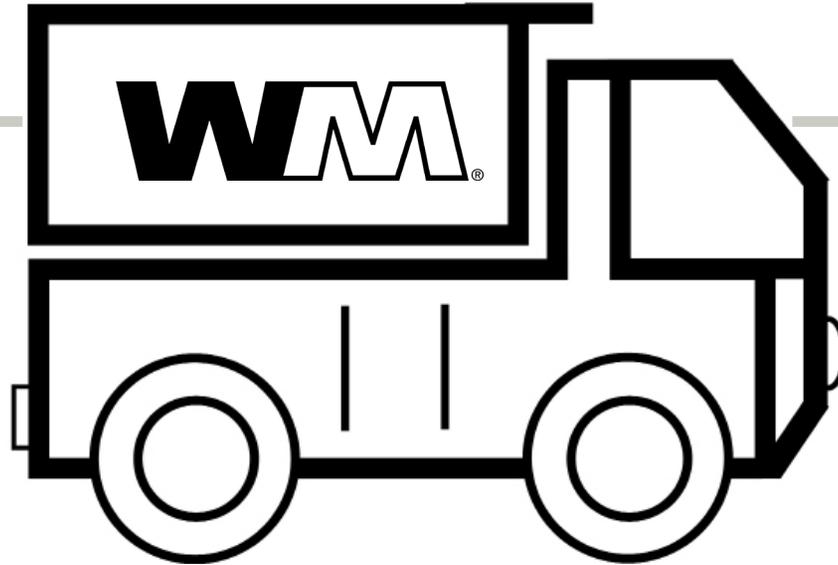

MAY

- Stay at least 15 feet away from trash and recycling trucks servicing your neighborhood.
- Wave to your WM truck driver from the safety of your front yard or driveway.

Waste Management - 2021

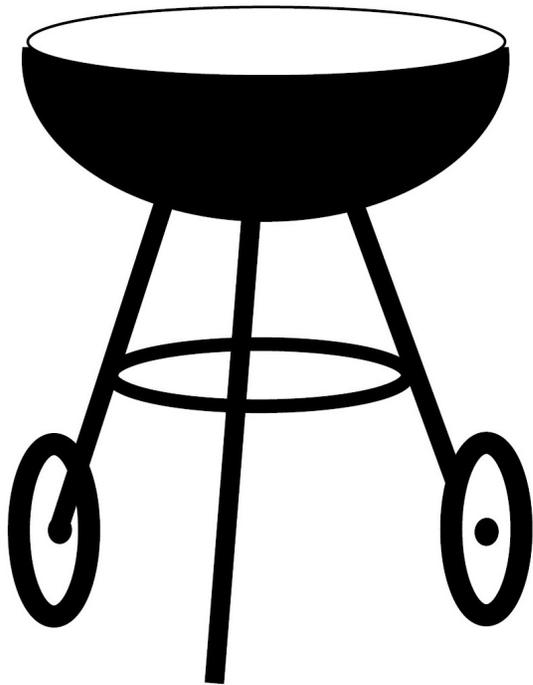

When riding your bike, never follow a truck or cut in front of it.

Draw yourself safely riding your bike.

HELP PREVENT TRASH FIRES

Draw how to correctly and safely dispose of barbeque coals.

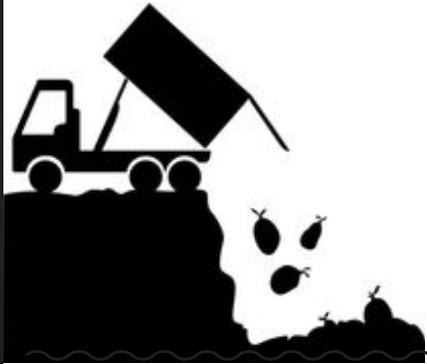

1 COALS
Let coals cool in the grill for at least 48 hours.

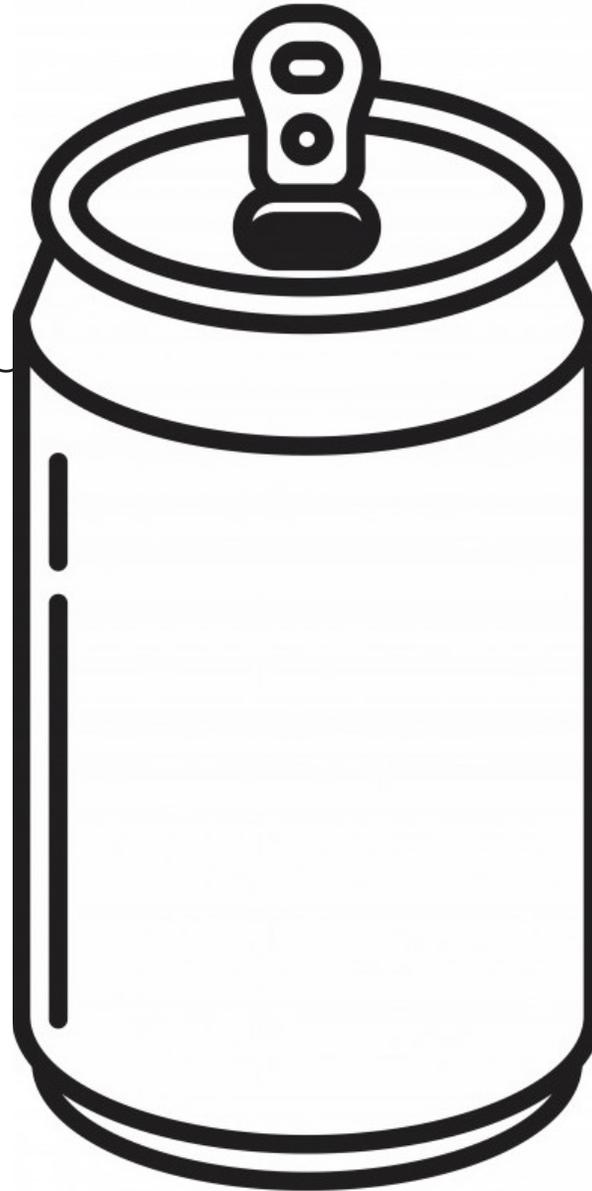

2 WATER
Soak coals with water to be sure they are completely safe to dispose.

3 TRASH
Bag cooled ashes and place them in the trash.

WHERE DO YOU WANT YOUR EMPTY METAL CAN TO GO?

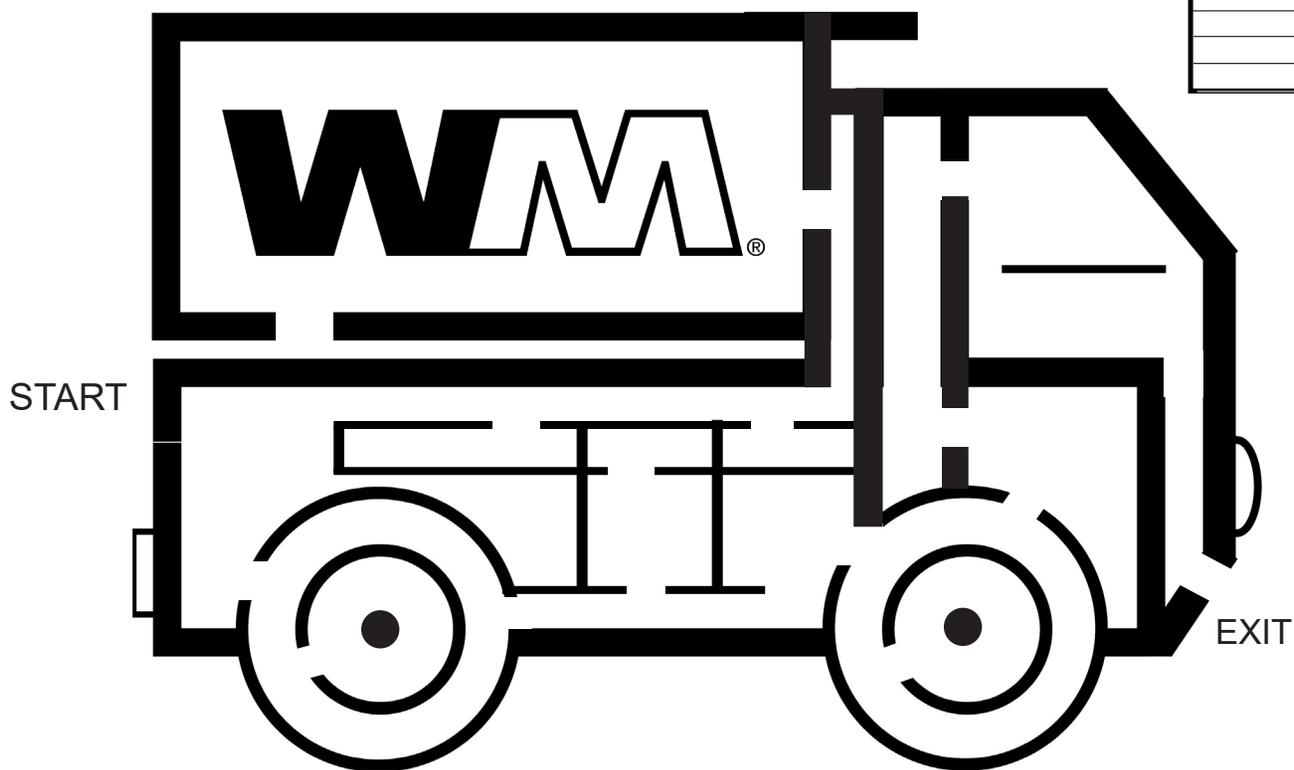

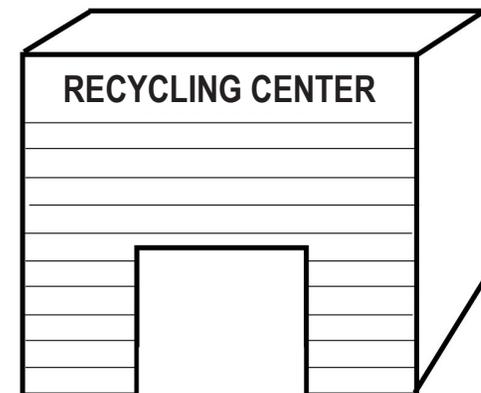

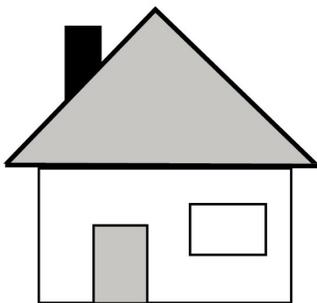

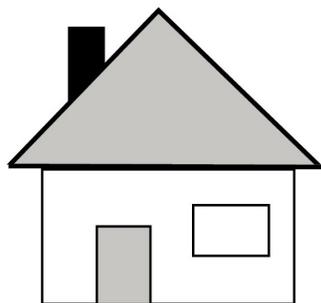

An aluminum can put in the trash will sit in a landfill for at least 500 years.

Recycle a beverage can and it will be back in the store as a new can in less than 60 days.

Can you find the way through the maze to get recyclables from home to the Recycling Center?

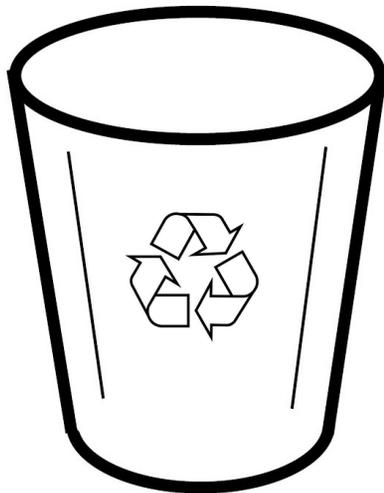

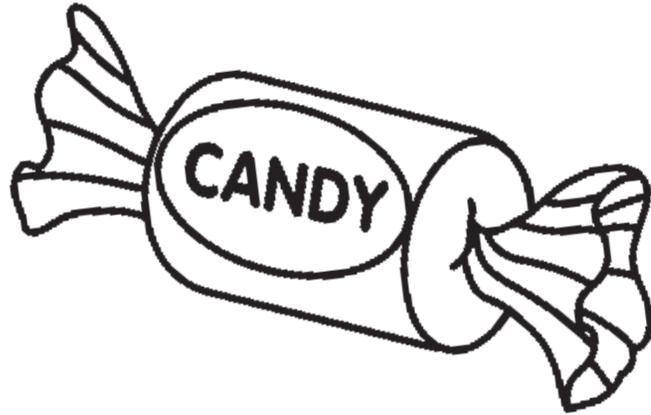

- ONLY recycle clean metal cans, paper, cardboard and plastics that are shaped like bottles, jugs and tubs.
- Materials you put in recycling carts at HOME are picked up by WM and taken to a Recycling Center for sorting and processing.

HAPPY HALLOWEEN

Where do candy wrappers belong?

- Dispose of candy wrappers in the TRASH.
- Do NOT recycle candy wrappers.

What costume will you wear this Halloween?

Go GREEN for Halloween. Create a costume reusing old clothing or wear a previously-used costume.

ONLY RECYCLE

PAPER

- NEWSPAPER
- JUNK MAIL
- MAGAZINES
- OFFICE PAPER
- BAGS

CARDBOARD

- SHIPPING BOXES
- PACKAGING BOXES
- CEREAL BOXES
- CRACKER BOXES
- EGG CARTONS

PLASTIC

- BOTTLES
- JUGS
- TUBS

METAL CANS

- DRINK CANS
- FOOD CANS

AMERICA RECYCLES DAY: Nov. 15

HAPPY HOLIDAYS

NAUGHTY

Draw holiday items that are NOT accepted in recycling.

HINT: Never recycle holiday trees (real or fake), ornaments, tinsel, holiday lights, power cords, shiny wrapping paper or cards, toys, plastic bubble wrap, or foam packaging materials in recycling carts or recycling dumpsters.

NICE

Draw a gift wrapped with recyclable or reusable material.

HINT: Always recycle clean cardboard shipping boxes, plain gift boxes, paper bags and tissue paper. Reduce waste by wrapping gifts with old newspaper or using a reusable basket or cookie tin instead of a box and wrapping paper.

WORKING FOR A SUSTAINABLE TOMORROW

REDUCE.

REUSE.

RECYCLE.

This book is printed on recycled paper made from materials like those put in recycling carts that WM processes at its recycling Material Recovery Facilities (MRFs). Color the pages. Do the monthly exercises. Put what you learn into practice. Leave your creations out for your WM driver to see or share them via social media with **#WMFan**.
