

APPENDIX IIA-2

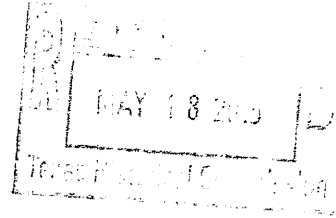

ARCHAEOLOGICAL/HISTORICAL QUALITY REVIEW AND CULTURAL RESOURCES

**Texas Historical Commission Response Letter
June 15, 2015**

ED BAXTER, RPA
Archaeological Consultant

May 9, 2015

Mr. Mark Denton
Archaeology Division
Texas Historical Commission
108 W. 16th Street
Austin, Texas 78701

Dear Mr. Denton,

Temple Recycling and Disposal Facility (TRDF) is an existing Type I municipal solid waste facility owned by the City of Temple and operated by Waste Management of Texas, Inc. (WMTX). They propose to add one tract totaling approximately 209 acres to the existing permitted area of the facility.

Earlier consultation with Ms. Rebecca Shelton, Regional Archeologist/Project Reviewer Texas Historical Commission, indicated a need for a cultural resources survey.

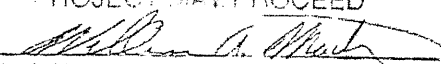

The survey was conducted under Antiquities Permit number 7143. Attached is the draft report of these investigations entitled "An Archaeological Survey for the City of Temple Recycling and Disposal Facility Expansion Project in Bell County, Texas".

If I can supply you with any further information please feel free to contact me.

Sincerely,

Ed Baxter, RPA

RE: Proposed Landfill Improvements

After reviewing the proposed landfill improvements, I have no concerns at this time with any potential traffic flow or pattern issues.

Respectfully,

Kenny Henderson
Transportation Director
City of Temple

Reid,

Response from Bell County is below. I am still trying to get a hold of the Waco District; I'll let you know as soon as I get a response, either verbal or in writing.

Yes Tim. I received the report. Since Temple Annexed the roads from the County, I have no comments regarding the landfill report.

Bryan

Good afternoon Bryan,

I am writing to follow up with you regarding the landfill transportation report we had delivered to your office about two weeks ago. I was wondering if you had received it, if you had had an opportunity to review, and if you had any questions or comments. I know we had spoken prior to sending and you had mentioned that it was unlikely that you would have any comments, but I was wanted to get your feedback regarding the submittal. Please feel free to respond to this email or give me a call at the number below. Thanks and have a great day.

Reid,

I just spoke with Mike Rhodes at TxDOT Waco District. They have received a copy of the report from the Belton Area office and have briefly looked through it. At this time, they do not have any comments on the report, nor do they anticipate any.

Please let me know if you have any questions or need additional information. Hopefully this will satisfy the comment from TCEQ.
